

Laura Hammond, DVM, DACVR

Diagnostic Imaging, Telemedicine

A proud native Texan, Dr. Laura Hammond earned her Bachelor of Science in Biology from Trinity University in San Antonio before pursuing her Doctor of Veterinary Medicine degree at Western University of Health Sciences College of Veterinary Medicine in Pomona, California.

Dr. Hammond's path to becoming a specialist in diagnostic imaging began with a rotating internship at the Veterinary Specialty Hospital of San Diego, followed by a dedicated internship in diagnostic imaging at the Veterinary Imaging Center of San Diego. She then completed her residency at the University of Tennessee, where she achieved board certification by the American College of Veterinary Radiology in 2015.

At Gulf Coast Veterinary Specialists, Dr. Hammond is deeply committed to mentoring and educating veterinary students, interns, and residents, sharing her expertise and passion for diagnostic imaging.

Outside of the hospital, Dr. Hammond enjoys traveling, exploring new culinary experiences, and spending quality time with her family.
