

Jocelyn Rodriguez-Correa, DVM

Emergency & Critical Care

Dr. Jocelyn Rodriguez-Correa graduated from Syracuse University and then graduated from St. George's University in 2021 with her veterinary degree. Following veterinary school, she completed a Critical Care internship at GCVS, where she discovered her passion for Emergency and Critical Care medicine.

Outside of work, Dr. Rodriguez-Correa loves to play sand volleyball and explore Houston and its hidden gems. She always has her eye on her next travel destination. She is an avid reader and is always on the lookout for a good book. At home, Dr. Rodriguez-Correa is kept company by her "little giant," Xena, a Cane Corso, and Merlin, her family's Rottweiler. One day, she hopes to expand her pet family on a mini ranch with cows, goats, and pigs!
