Nicholas Mockus, DVM

Diagnostic Imaging

Dr. Nicholas Mockus received his Bachelor of Science degree in Life Science along with his Doctorate in Veterinary Medicine from Kansas State University in 2021. Upon graduating, Dr. Mockus also completed a small animal rotating internship at Kansas State University. He then joined Gulf Coast Veterinary Specialists where he completed a Diagnostic Imaging specialty internship. He began his Diagnostic Imaging Residency at GCVS in July of 2023. Outside of work, Dr. Mockus enjoys video games, weight lifting, and brewing mead. He has one tuxedo cat named Rae.
