

Young Cho, DVM

Diagnostic Imaging

Dr. Young Cho earned his bachelor's degree in Environmental Science from the University of California, Santa Barbara, before pursuing his Doctorate of Veterinary Medicine at Louisiana State University, graduating in 2023. After graduation, he moved to Houston to complete a one-year small animal rotating internship at Gulf Coast Veterinary Specialists (GCVS), where he developed a keen interest in diagnostic imaging. In July 2024, Dr. Cho began his residency in Diagnostic Imaging, further advancing his expertise in this specialized field.

Outside of his professional commitments, Dr. Cho is an avid sports enthusiast, enjoying tennis and basketball. He is also passionate about exploring the outdoors, experimenting with new recipes, playing guitar, growing plants, and spending quality time with his partner, Sam, and their very talkative orange cat, Shrimp.
